

Quicken for Windows Conversion Instructions

Express Web Connect

Introduction

As **First Financial Bank** completes its system conversion to the new **First Online Business Banking**, you will need to modify your QuickBooks settings to ensure the smooth transition of your data. Please reference the dates next to each task, as this information is time sensitive.

To complete these instructions, you will need your User ID and Password for First Financial Bank.

NOTE: **Express Web Connect** uses the same User ID and Password as the First Financial Bank website.

You should perform the following instructions exactly as described and in the order presented. If you do not, your online banking connectivity may stop functioning properly. This conversion should take 15–30 minutes.

Thank you for making these important changes!
